George McKenzie

George McKenzie passed away, on Friday night Nov. 29, having contracted pneumonia after the influenza. George was sick for about three weeks and was taken to the school-house as soon as his sickness was discovered. He was in his 28th year, having been born at Morayshire, Scotland, on Jan. 5th, 1890. He has been a resident of this district during the past eight years, living a few miles south of town. For the past two winters he was employed at the local Galvin Lumber Yard. The funeral was on Sunday afternoon, the pallbearers being Ted and C. Stewart, L. O. Gould, W. Schroer, C. B. Horsch and M. A. Vanhorn. Rev. W. S. Wickenden officiated at the grave.

The late Geo. McKenzie was well and favorably known and had a host of friends in and around Monitor.

Besides his mother he leaves three sisters and three brothers to mourn his loss. Mrs. J. R. Blair, his mother, and Hugh, at Monitor; a sister at the Hat, a brother in Roland, Man., and a brother and sister in Scotland.

Municipal District of Stewart

Any ratepayer farming unpatented land in this district can obtain seed for same by applying as early as possible, to the Municipal Secretary. As regards the patented land we have no authority to give seed for that until after the New Year.

T. Partridge, Reeve

LOST

Lost, a young collie dog, black, with white markings, half tailed, strap around neck. Suitable reward.
T. B. Noad

FLU EPIDEMIC ABOUT OVER IN TOWN

Hospital At The Hotel Closed

The worst of the flu epidemic appears to be past, no new cases having been reported for several days. The hotel is being discontinued as a hospital, the patients being confined to the school building. All the house quarantines were removed the first of the week. About eighty cases of the flu were reported here, and of this number fifteen came in from the country.

About six of the hospital helpers were discharged, this week, owing to the closing of one hospital and the freeing of the patients. The expense of combating the epidemic, here, will no doubt exceed \$3000.00, and a rate will be struck to cover same, which will then be charged to each patient, according to the number of days they were in the hospital.

WALKER—MACE

In London, Eng., on Monday October 28th, Doris, youngest daughter of Thomas Mace, Esq. of Chipping Norton, Oxon, Eng. to Cadet A. E. Walker of Sounding Lake, Alta.

BUSY BIDEFORD

The town was honored (?) by a special policeman from Edmonton to investigate our wickedness. There seems to be no doubt about it. Bidefordites are a bad lot and need sharp looking after. We feel, however, that someone is inclined to be overzealous for the welfare of others when complaints are lodged with the police that are entirely unfounded. We protest here against anyone laying information that is untrue; as for instance the stories about the poolroom being open for play during the flu, the whole town knows different. As for boys frequenting the place is humbug pure and simple. May we humbly suggest that the informer study the following words to the "Unco Guid" or rigidly righteous.

"My son, these maxims make a rule
And lump them aye together.
The rigid righteous is a fool
The rigid wise another.
The cleanest corn that e'er was sown
May have some pyles 'o chaff in.
So ne'er a fellow creature slight
For random fits o' daftin'."

An exceptionally sad story of the flu comes from Horizon, where Mrs. Staley, a young wife and mother, passed away leaving two little boys. Much sympathy is felt for the relatives here, the lady being a sister-in-law of Mr. and Mrs. Chas. Staley.

Dr. Dean Robinson's operation was successfully carried out, and we hear he is progressing favorably as can be expected considering his extreme prostration.

Once again the reaper whose name is Death has visited us, and with his sickle keen has cut down the unripe grain. The town was shocked to hear that "Little Joe" Mogridge had died, under very tragic circumstances in a Calgary hospital. Joe was taken sick suddenly and passed away quite unexpectedly. He was a well liked young man and much sympathy is felt for his relatives, also for Dave and Mrs. Thomas who were his best friends and neighbors, they having considered Joe one of the family, coping, like themselves from "gallant little Wales."

We hear Eric Bowman took sick at the same time and hope to hear good news of his recovery.

When you have read this col. kindly pass the paper on to a friend and so help our circulation as he'll give you an order next time to send it regularly, and so keep alive a community spirit, the only kind of spirit allowed in Busy B.

Miss Inkster is home again and school is now open. Some parents think it would have been a wiser policy to wait a while as the flu is by no means out of the district.

Mr. and Mrs. C. J. Watling have left town for the winter, going to Calgary from here. We shall all miss them and Jimmy especially as he was one nicest kids around town.

A tale of romance hails from Kirriemuir, a tale worthy of the pen of Ralp Connor. In fact we ought to pass the plot on to him to handle.

Village Nominations

A fair sized number of rate-payers attended the nomination meeting, for village councillors, on Monday night. Six names were submitted, C. B. Horsch, A. Garries, P. Moth, J. McGirr, W. H. Olson and D. Vosburgh, but as some of these say that they will not stand for election there may be just enough left to form a council without the recourse to the ballot.

Poultry and eggs alone could pay Canada's National War Debt. Canada's net debt on Oct. 31st was \$1,217,000,000. At the present time we consume 23 dozen eggs per head of population per annum in Canada. By increasing the number of hens and thus increase the egg production, enough eggs could be exported to pay the interest on the national debt and still leave a balance, yearly, to apply on the principal.

Note and Comment

The arrival of peace has created new conditions in the export of meat and produce and some uncertainty in the minds of Canadian farmers as to future markets. Information in the hands of Hon. T. A. Crerar, Minister of Agriculture, convinces him that the export market will continue to absorb at firm prices, as compared with the prices for all other agricultural products, every pound of beef, bacon and other animal products that Canada can supply. In view of the great scarcity of cattle and live stock of all kinds in Europe, and because of the great demand for live stock and live stock products of all kinds sure to continue for some years at least, the farmers and live stock men of Canada are asked to maintain their breeding operations on a war time scale, to properly finish all feeding stock, and to conserve all good breeding females, and to still further improve their herds and flocks by using even greater care in the selection of the sire.

It is impossible to say with exactitude how much damage results from cattle and live

stock generally, eating poisonous plants. It is, however, certain that the waste thus caused amounts to serious proportions annually. Cattle, sheep and swine are taken ill and frequently die from trouble attributable to the consumption of poisonous plants when other things are supposed to have been the cause. If it were the custom in all cases of this kind to call in a veterinary surgeon to investigate it would be found that in many instances the consumption of poisonous plants was at the foundation. Some of these plants are common to every province in the Dominion, others are only to be found in sections of the country. The Agricultural Gazette of Canada in the September and October numbers deals with this matter in a very lucid way and supplies accounts of the most troublesome of these weeds.

In Alberta the plants causing the most trouble are Death Camas, Water Hemlock, Larkspur, and Loco Weed, and the Provincial Veterinarian estimates that the losses from these plants are greater than from any other cause. The Loco Weed affects horses and sheep, and the Larkspur, cattle; but the most poisonous plant is the Death Camas, which has its being in moist places, the animals suffering to the greatest extent being sheep.

The new Thrift Stamps and War Savings Stamps are now on the market and can be purchased at the various post offices throughout the country.

Thrift stamps are sold for 25 cents and attached to a card which holds 16 stamps. When this card is filled it can be exchanged for a \$5.00 war savings stamp which draws interest at 4%. The war savings stamps can be purchased for \$1.00, and the Government will pay you \$5.00 for them at the end of five years. This is a fine chance for the children, and others, to start a savings account on a small scale and gradually increase it.

WAR-SAVINGS STAMPS

The Canadian Government offers interest-bearing
War-Savings Stamps

Issue of 1919—Payable Jan. 1, 1924

ORDER-IN-COUNCIL P.C. No. 2462 authorizes
the issue of War-Savings Stamps for the
purpose of assisting in the financing of Government
expenditures.

As Sir Thomas White, Minister of Finance, points out, W.-S. S.
will provide "an excellent investment for small savings; and a
strong incentive to every-day economy."

\$5.00 for \$4.00

Until January 31st, 1919, War-Savings Stamps will be sold by
all Money-Order Post Offices, Banks, and other authorized
Agencies, for \$4.00 cash, and on January 1st, 1924, Canada will
pay \$5.00 each for them.

Registration Against Loss

A Certificate is provided for the purchaser of a W.-S. S. On
the certificate are spaces to which 10 W.-S. S. may be affixed.
A certificate bearing one or more W.-S. S. may be registered at
any Money-Order Post Office, fully protecting the owner against
loss by fire, burglary or other cause.

The Certificate also shows the Cash Surrender Value of W.-S. S.
at various dates before maturity.
